America, America,

The terrorist attacks on September 11, 2001 deeply affected us at Pascagoula High School. It was a day that all American citizens will sadly remember. We have learned many valuable lessons from this horrible experience. Instead of tearing us apart, the barbarism brought a feeling of brotherhood. Almost every student at PHS absorbed the depth of this tragedy by looking at newspaper coverage in the halls. They then took the opportunity to express their feelings in essays — feelings of sadness, confusion, and fear. Despite the fright and uncertainty of this historical event, students and Americans remain patriotic and proud as they strive for world peace from sea to shining sea.

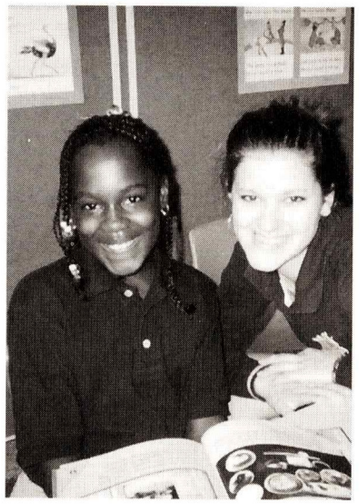
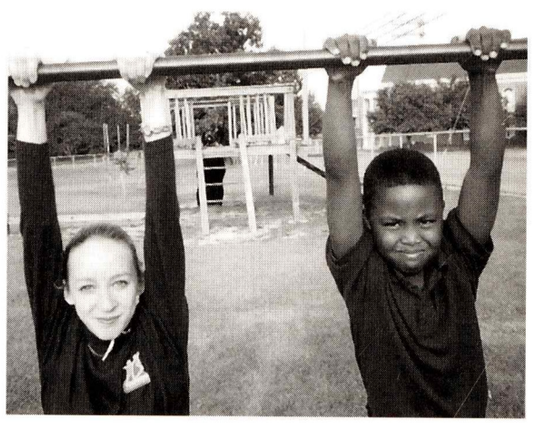
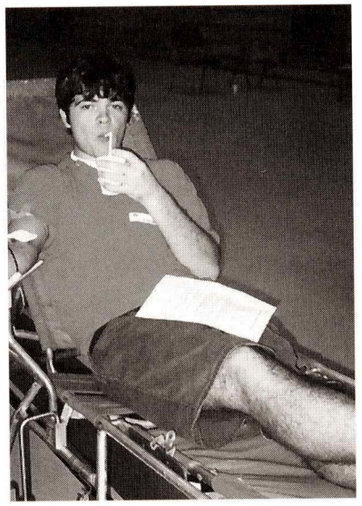
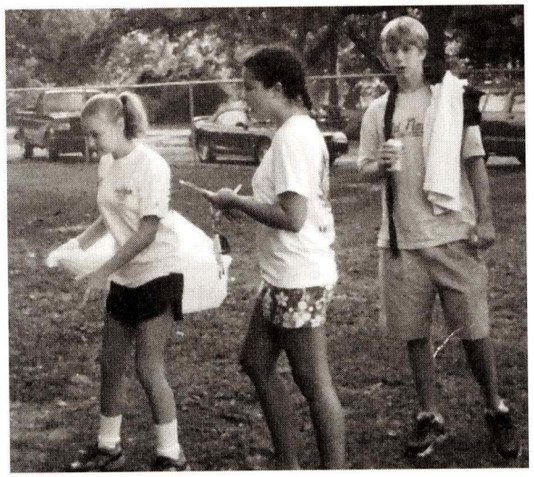
Big Brothers Big Sisters of Mississippi serves as a mentoring program for elementary children. This program is headed by Mrs. Linda Harrison, a retired elementary school teacher. Weekly visits from their big brother or sister gives each child a chance to form a special relationship with a positive role model. Whether playing outside, reading books, or simply talking, they enjoy each other's company. Each mentor feels that the satisfaction of knowing that they have made a difference in a child's life is a reward in itself.





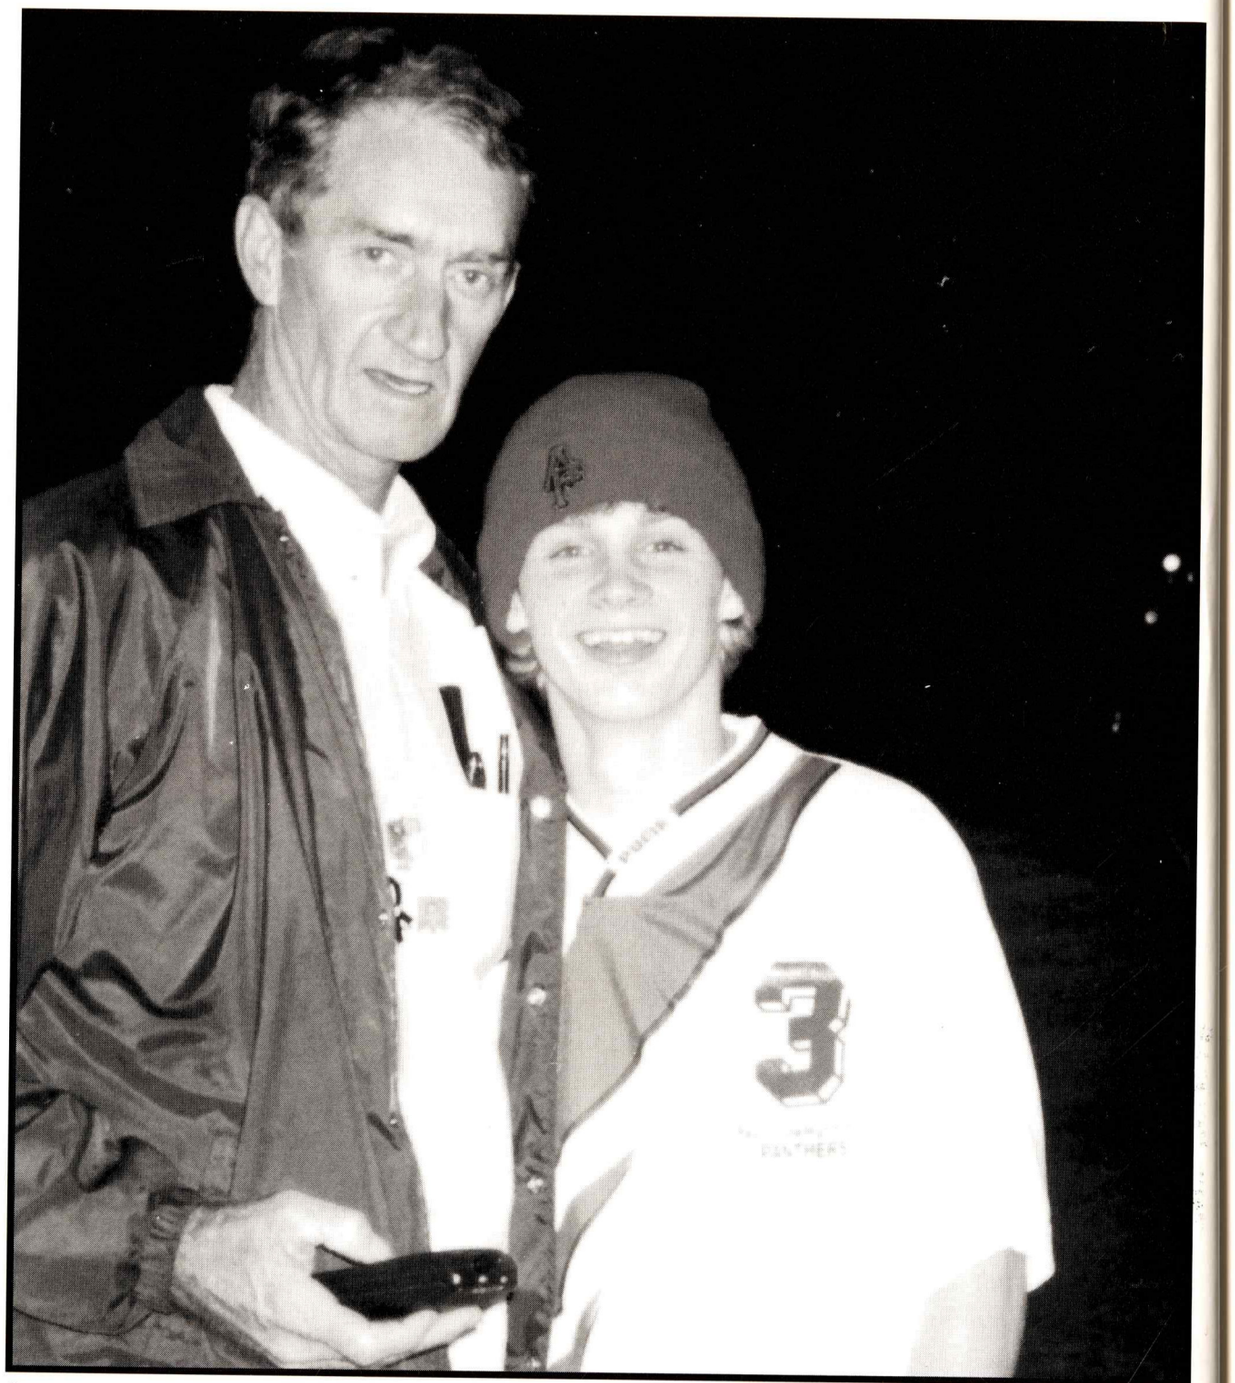
Students at PHS participate in various community service projects throughout the year. Some of these activities include the Student Council Blood Drive, the Coastal Beach Clean-Up, and volunteering at Our Daily Bread. Not only are the students driven by the strong sense of accomplishment they receive, but also by the gratitude of the community is what encourages them to continue to devote their time and effort year after year.

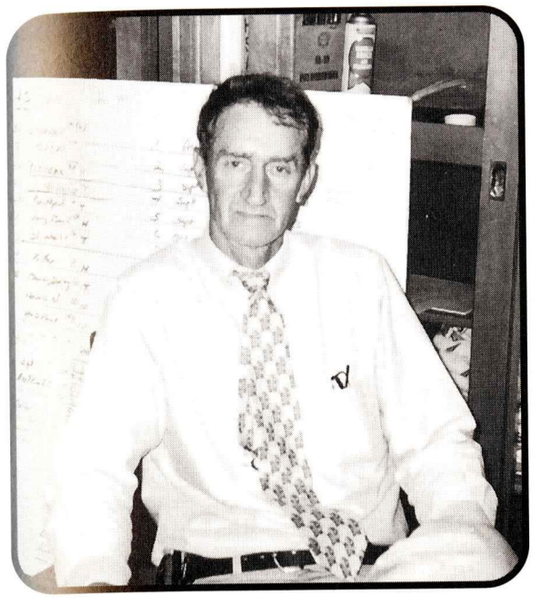


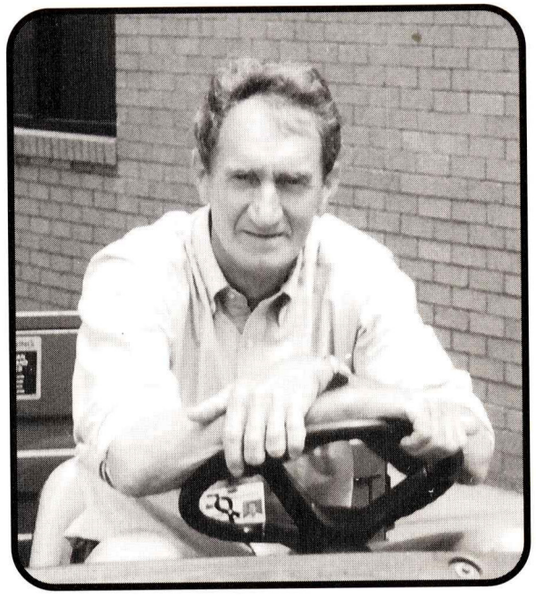


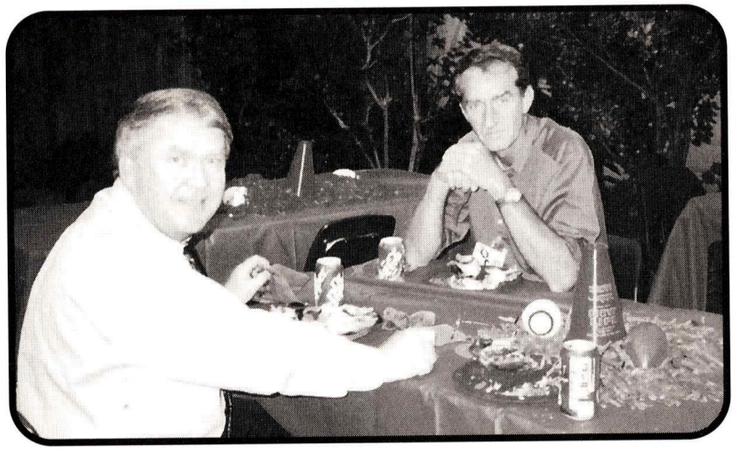
from sea to shining sea.

An Administrator and a Friend: Mr. Wayne Parker









Mr. Wayne Parker, better known to most students as "Coach" Parker, has served the Pascagoula School District as a teacher, administrator, coach, and friend for 30 years. Mr. Parker has touched the lives of many students. His sincere love for his job is reflected in his attitude towards students. Each day Mr. Parker pays a visit to the high school cafeteria not only to enjoy a good lunch, but more importantly to brighten the faces of many students. Even though Mr. Parker is now the athletic director, not a day goes by that he doesn't make an appearance in a classroom somewhere in the district. It is the interaction with students that energizes Mr. Parker. Mr. Parker graduated from Delta State University with a major in physical education and a minor in social studies. Since then, he has worked at Moss Point High School for two years, Arlington Elementary School for twenty-three years, and PHS for three years. He is currently serving as athletic director. Fellowship of Christian Athletes

At FCA, students are given an opportunity to meet and fellowship with their peers within a Christian environment. One of the largest clubs, FCA is open to all students who are willing to wake up early and come hang out. Our meetings are productive and enjoyable, usually centering around "real life" issues we all face. Discussion is encouraged and everyone is invited to share his or her talents to enrich each meeting. Being a member of FCA means more than "just belonging to a club", it means that you are part of a family as well.

The German Club's primary activity this year was to insure a sucessful exchange program with our sister school in Hilden, Germany. We had an excellent stay in Germany and Austria this past summer, visiting sites such as Cologne, Dusseldorf, Munich, Dachau, the Rhine River, Innsbruck, and the Alps. Our visit from our German partners was nearly cancelled due to the events of September 11, 2001. However, a small group of our German friends did manage to fly over at the end of September for a three-week visit, including trips to the beach, local museums, homecoming, the alligator farm, the season opening Mississippi Sea Wolves Hockey Game, New Orleans, and New York City.

Future Educators of America is a fairly new club here at PHS. The club began with the help of Dr. Bounds in the 2000-2001 school year. After Dr. Bounds accepted the position as superintendent, Mrs. Sones agreed to sponsor the FEA chapter. This club is designed to foster a true desire to teach in students interested in the field of education. The club also participates in activities that help the students see what teaching is like on a daily basis. This year the club participated in a job shadow with the elementary and middle schools. Activities like this were very interesting and successful. I hope that the club has helped give its members a desire to become successful teachers in the future.

The PANTHER PEN informs and entertains its readers and makes an effort to include all students, faculty, and staff. The newspaper staff struggled to produce a paper this year without a class designated for newspaper production during the first semester which meant, especially the editor, had to meet before or after school, or work at home (receiving no credit). Ms. Green learned the newspaper trade using modern technology as opposed to manual layout. Though it was a struggle, we survived. We thank you for bearing with us and hope we achieved our goal of making the PANTHER PEN worth the time you took to read each issue. — the PANTHER PEN staff

Everything didn't go as planned this year. We had high hopes of having a successful year and making the playoffs. Everyone knows that we fell short of that goal. But success isn't always measured in the number of games won. It took a couple of years, but we did accomplish one goal: becoming a team. We were closer and more unified than we had been in three years. Now that Pascagoula has become a team, it is the first step to a successful football program.

The boys' soccer team had a disappointing season even with the excellent players they had. Their team effort gave them nine overall wins and two wins in the district, but it was not enough to breech the state playoffs. Great preformances came against rival teams like Resurrection and Mercy Cross who were crushed under the weight of numerous goals. The boys gave their all against teams like Gulfport and Biloxi, but fell short by one or two goals. A strong junior class will return next year to bring back Goula soccer glory.

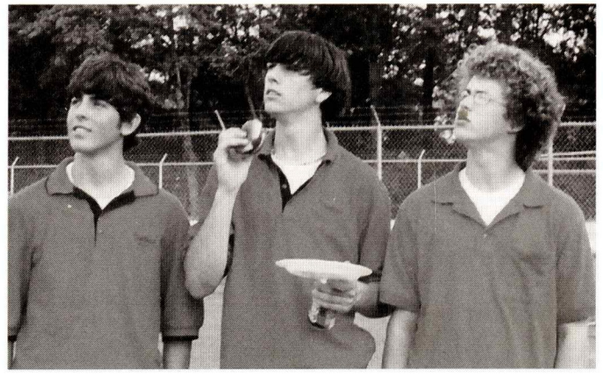
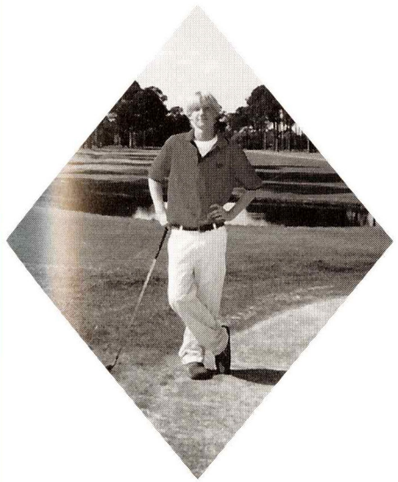
Is that a ball in your mouth?



Where'd it go?



From the very beginning, the golf team this year really took off. They were undefeated for their first nine games, losing their 10th and 11th matches. During the 2001-02 season, a record of 9-2 sent this year's team to place 5th in the state golf tournament. Tyler Smith, Bubba McFaul, Derek Bingle, Derrick Goff, and Lee Nicholas were the five players who represented Pascagoula at the state tournament. Going into this season the team hoped to win the Region 4 District 8 championships, which took place on April 29 and also to win the State 5A championship, which was scheduled for the weekend of May 6-7. Most of the team will be returning next year, with the hopes of winning both the regional and state championships. Good Luck!

Mmmm, Phosphates. Good And Good For You.

y're in the soup, they're in the noodles, they're probably in the shirt you're wearing. In fact, at one point or ther, they're in every living thing on earth. They're phosphates, and we use them to help make lots of important igs right here in Pascagoula. Like phosphate fertilizer which is used to grow crops all over world. Pretty tasty, huh? Mississippi Phosphates. A part of Pascagoula, a part of you.

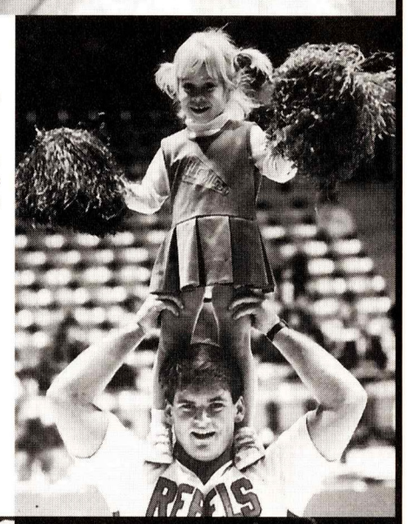
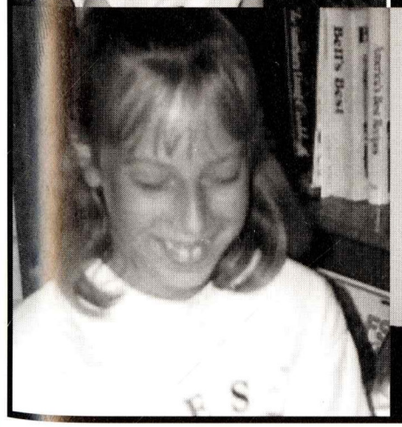
Jill,

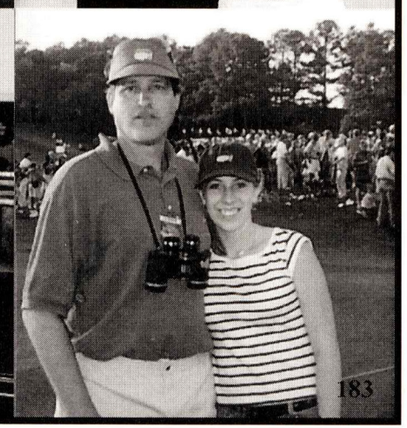
For 18 years we have held your hand and tried to guide you down the right paths of Life. We were there when you played basketball and softball,when you cheered, when you slipped on htat first ball gown,when you baked that first ''special'' cake, when you left for your first prom, when you made us proud at homecoming, and all those times when things were right and then, especially the times when things didn't seem right. Now we're letting go, but we see now you have the value system you need to make the right life choices. Let faithe be you sail in Life and Christ be the wind that propels you. If so, God will reward you with contentment in those choices. May you future be wonderful! We love you.

Mom, Dad, Ginger, MeMaw, and PawPaw

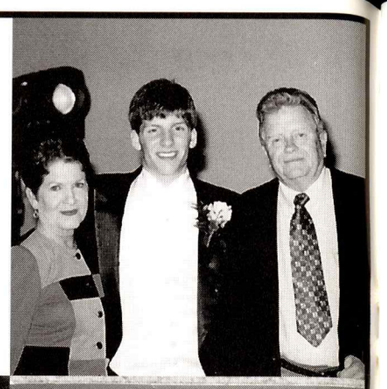
"For I know the plans I have for you,'' declares the Lord, ''plans to prosper you and not to harm you, plans to give you hope and a future.''
Jeremiah 29:11

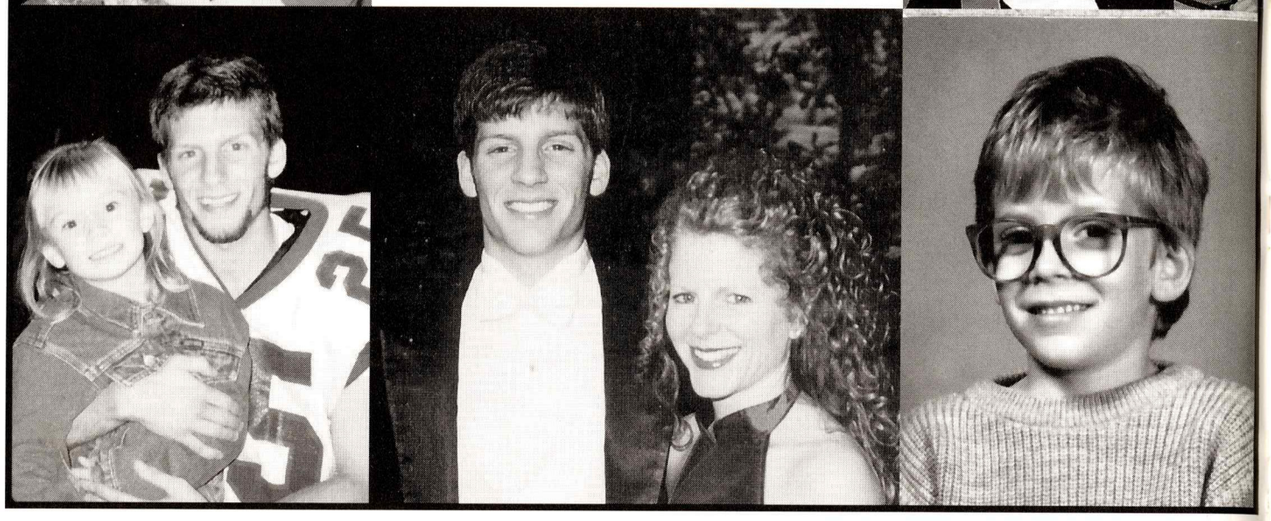


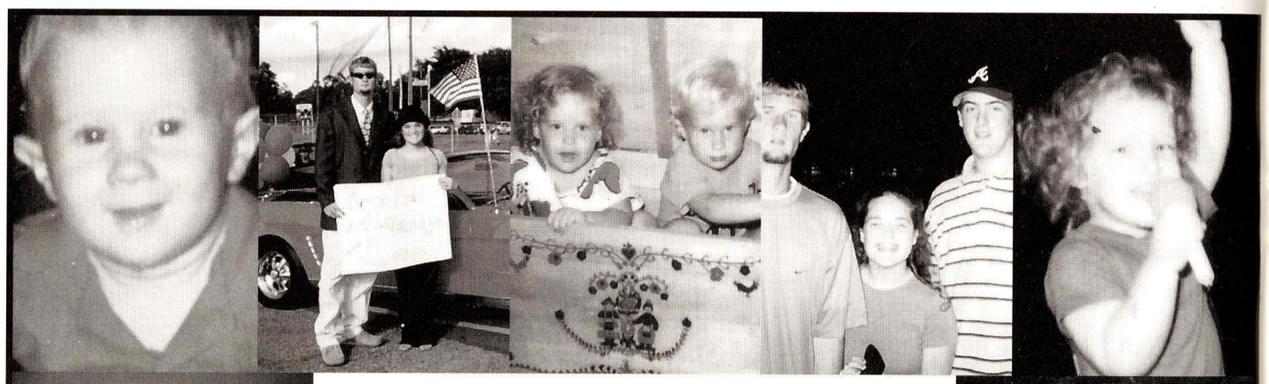


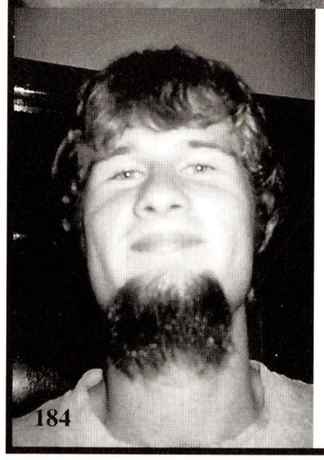


Congratulations Gene Warren!
I've had the time of my life watching you grow up!
You have never minded that I was hanging out with
you and your friends and for that I am grateful.
The family is so proud of your accomplishments! It
has been fun, but now it is time for us to go our
separate
ways. I know that you will continue on your journey
with God in your heart and that eases my mind.
I would not be where I am today without you,
the one constant blessing and joy in my life. Thanks
for everything!
Love, Mom









Congratulations Trey and Ashley!
It's hard to believe that 18 years has passed. You have both grown
into wonderful young adults. We are very proud of you and wish you
good luck in the future. Remember...

"Nature's first green is gold,
her hardest hue to hold.
Her early leaf's flower:
But only so and hour.
Then leaf subsides to leaf.
So Eden sank to grief,
So dawn goes down to day.
Nothing gold can stay."
— Robert Frost

STANDING ALONE
He stands alone at the plate
with his heart beating fast.
The bases are loaded
the dye has been cast.
Mom and Dad cannot help him
he stands alone.
A hit at this moment
would bring the boys home.
The ball nears the plate
he swings hard but misses.
There's a groan from the crowd,
with some boo's and some hisses.

A thoughtless voice cries out
"Strike out the bum!"
Tears fill the boy's eyes,
the game's no longer fun.
Parents and spectators
with faces of stone;
Remember, he's just a boy
who's standing alone.
Please open your heart
and give him a break.
For it's moments like this,
a great man you can make.
So keep this in mind,
if you hear someone forget.
He's just a small boy
and not a man yet.

Crossing the Bar

Sunset and evening star,
And one clear call for me!
And may there be no moaning of the bar,
When I put out to sea,

But such a tide as moving seems asleep,
Too full for sound and foam,
When that which drew from out the
boundless deep
Turns again home.

Twilight and evening bell,
And after that the dark!
And may there be no sadness of farewell,
When I embark;

For though from out our bourne of Time
and Place
The flood may bear me far,
I hope to see my Pilot face to face
When I have crossed the bar.
— Alfred Lord Tennyson
